Professional Summary

I'm a professional and passionate dancer with more than eight years of dance and choreography experience. For the past seven years I've been building my experience attending dance schools, workshops, contests and battles in Italy and in other countries.

I'm a flexible and high energy dancer, focused on clear movement and technical skills.

Devote to Popping, my principal and favourite style, I've been studying it in Italy with the teachers: "Kris" & "Swan".

In LA with: "The Machine Gone Funk" Crew, where we can find: "Kid boogie" – "Bionic man" – "Slim boogie".

My passion for dancing is what drives me forward and I want to be able to pass it on whether via teaching or via performing.
